School Year!

Education Is Our Business

Early Childhood Essentials™ is an educational consultancy, **tutor placement service** and resource company designed for early childhood educators, schools and parents.

Our vision is to support educators and families in creating positive, effective and quality learning engagements for young children. Our goal is to provide the tools that are needed to make that happen. A better tomorrow for our children begins with us, today!

Hong Kong's FIRST Early Childhood Tutor Placement Service

Why Your Child Needs Us

Competition is fierce in Hong Kong to secure a space in any international school. The first question asked even before you register is, does your child speak English? The best way to prepare your child for school in an international setting is by exposing them at a young age to a native English speaker on a consistent basis, one who knows and understands how young children learn.

Benefits for your child include:

- Qualified Early Childhood Educators
- Teaching & Learning through Early Childhood Principles
- Holistic Teaching Approach that is Developmentally Appropriate
- Inquiry Teaching that Engages Children in their Learning

How Young Children Learn

Tell Me, I Forget; Show Me, I Remember; Involve Me and I Understand!

Young children acquire a new language naturally. For them, learning a new language is not difficult. Children who learn at a young age will have better pronunciation and develop confidence within the culture of the new language. Children learn through play, this is our approach, holistic and hands-on experiences that are 'inquiry' in nature. Our teaching focus is on the process and not the end product. Our lessons are engaging and motivating and our goal is to develop your child's proficiency, with self-confidence!

"Play for young children is not recreation activity...It is not leisure-time activity nor escape activity. Play is thinking time for young children. It is language time. Problem-solving time. It is memory time, planning time, investigating time." - James L. Hymes, Jr., Child Development Specialist

Who We Are

The team is led by Ms Debi Lomax Li, an Early Childhood specialist with 40 years of experience spanning 3 countries (Canada, USA, Hong Kong). She is a qualified registered Kindergarten Principal and Teacher. Her expertise is in Kindergarten management, school leadership, parenting skills training, teacher training and working within the International Baccalaureate Primary Years Programme. Debi's previous experience includes working as a Kindergarten/Daycare Consultant for the Department of Social Services in Canada. Debi and her team of qualified, registered teachers provide **English language teaching, in your home to children from 3-8 years of age**. Her last position was that of an early years teacher at a leading HK International School. She has extensive experience working within the International Baccalaureate Primary Years Programme.

"Debi understands the learning needs of preschool children. She is particularly adept at igniting young students' passion for learning by helping them make the connections they need to better understand the world and their important place in it."

- Vice Principal, International School -
